

BOYS & GIRLS CLUBS
OF WHATCOM COUNTY

FulFILLing 
Our Promise
With Gifts of Gold

Patient Information

The Boys & Girls Clubs of Whatcom County is not just an organization or a building, but a commitment - to prepare the next generation to thrive and lead.

Over 20 years ago, Dr. Ron Dahl began recycling patient-donated scrap gold from old **FILLings**, crowns, inlays, and onlays, and donating the proceeds to the Clubs. Estimates indicate that an incredible \$75,000 has been donated since then, and thousands of lives have been forever changed.

Thank you for participating in a gift of hope. Together, we can deepen our impact and **fulFILL** our promise to care for every child in our community.
