WEEK 1: SUMMER SOLSTICE 06/17 - 06/21

Welcome back! This week we will celebrate the summer solstice by learning all about the position of the sun and shadows.

WEEK 2: ANIMAL WEEK 06/24 - 06/28

We will be learning about the native animals of the Pacific Northwest. The kids will explore animal habitats, life cycles, and the importance of keeping our environment safe and clean.

NO SUMMER CAMP 07/01 - 07/05

All summer camp locations will be closed this week.

WEEK 3: AROUND THE WORLD 07/08 - 07/12

Let's pack our bags and explore our world! This week's focus will be on different countries and continents with an in depth look at the Australian outback.

WEEK 4: COMIC BOOK WEEK 07/15 - 07/19

Our focus will be on the history behind and creation of comics. While learning about different comic mediums, we will create our own comic book to take home and share with family and friends.

WEEK 5: SPACE WEEK 07/22 - 07/26

On July 20, 1969 Neil Armstrong stepped on the moon. This week is all about stars, the solar system, gravity, and rocket science. We will travel to the Planetarium at WWU to enhance our learning.

WEEK 6: SPORTS OF ALL SORTS 07/29 - 08/02

We will have a busy week trying out many different sports and designing our own games and jerseys. The week will end with a special visit from the Bellingham Bells baseball team!

WEEK 7: PREHISTORIC FUN 08/05 - 08/08

This dino-mite week we will learn all about dinosaur habitats, life cycles, and even excavating bones!

WEEK 8: MAD SCIENCE 08/12 - 08/16

Let the Clubhouse become your laboratory! This week we will learn Tinker CAD, 3D printing, and challenge our scientists to explore egg drops, elephant toothpaste, sun ovens, and more.

WEEK 9: BEST OF THE BEST 08/19 - 08/23

Wrap up the summer with some summer camp favorites. Let's play back our favorite memories and activities from the past nine weeks. The week will culminate with an end of summer talent show!
